

BOOK DRIVE WITH READING PARTNERS

Donate a new or gently-used book to help support lifelong readers!

Children who grow up in homes without books are on average 3 years behind children in homes with books, even when considering other factors like income or parents' education. Throughout the year, students in our partner schools will receive books and backpacks to keep, so that they can build their own at-home libraries and maintain their reading skills outside of the classroom.

What is Reading Partners? Our mission is to help children become lifelong readers by empowering communities to provide individualized instruction with measurable results. We are a national nonprofit that trains local volunteers to provide students in underserved communities and schools in the Lowcountry, from grades K-4, who are 6 months to 2.5 years behind in reading, with 1:1 reading support to set them on the path to read confidently at grade level.
