

**Lowcountry Pregnancy Center – Joy Yarborough**

**Ministry Focus:**

Since 1986 the mission of the Lowcountry Pregnancy Center has been to offer life-affirming alternatives to abortion in a compassionate Christian evangelical environment. We minister to pregnant women, to fathers and to families from any area of the Lowcountry.

**Strategies for Sharing the Gospel in this Ministry:**

Evangelism; Medical; and Other.

- Evangelism: The Gospel was shared over **1400** times last year through one-on-one counseling with our clients. The Lord opens doors to share the simplicity of the word with our clients as they share the emotional and spiritual needs they have.
- Medical: Through free pregnancy testing and ultrasounds our clients can see the amazing value of life. We also offer sexually transmitted infection testing at which time Godly relationship counsel is given.
- Other: Our peer counseling and parenting support through classes and the giving of baby needs all support our life-affirming strategies.

**Financial Needs:**

\$19,400 is needed per month to help cover the cost of pregnancy testing, counseling and ultrasound testing. Monthly donations stabilize ongoing services.

Total amount needed to sustain this Ministry: \$22.5M USD per year.

**Prayer Needs:**

1. Pray that women considering abortion in our area would come in for our services and choose life.
2. Pray for our staff to not grow "weary in well doing" as the cases can be difficult.
3. Pray for the Lord to give peace to our clients spirits and that this would be the day they accept Christ as their personal Savior.
4. Pray for our clients to learn how to be loving, Godly parents to their children.

**Short-term Mission Opportunities:**      Yes      No

- During special events we could use additional help with set up and mailings.
- Churches have also helped with painting our facility, as needed.
