

Name of Ministry: The Formation Project - serving human trafficking victims in the Tri-County

ADD PHOTO

"We are building a community-led by survivors for survivors. Together we are creating a safe space without fear of judgment, with opportunities to make new connections with ourselves and others, learn, cultivate leadership abilities and access resources. To ensure survivors have a seat at the table, *leading* initiatives and making change. To hold space for someone facing big fears with even bigger courage, this is something that's valued is innumerable."

-Kat Wehunt, Founder & Executive Director

**HOPE WILL HAVE THE FINAL WORD.**

**Ministry Focus:** Emergency Coordination and Restoration for survivors of human trafficking

**Strategies for Sharing the Gospel in this Ministry:** We are a faith-driven group, led by the conviction of the Lord's great promises of purpose, justice, and redemption in all things. We share the Gospel in our starting and growing of the Church Alliance partnership with churches. Churches have been instrumental in serving our participants - but we hope that this Alliance will truly ENGAGE the churches at a much deeper level, concretely bringing the Gospel and a moving church to those marginalized by exploitation in the Tri-County and around our State. The Gospel is never forced on any participant, but it comes through our relationships with and service for them!

**Financial Needs:**

Total amount needed to sustain this Ministry: \$30,000 USD per year for our discretionary fund of emergency housing, rapid rehousing, basic necessities, and childcare assistance.

**Prayer Needs:**

1. We need funding for 2 more case managers/victim advocates in our area.
2. We need clarity on how much to expand and how quickly. There is such a need and we are receiving referrals from around the State. Please pray for wisdom regarding growth and strength for our small team as there's much pressure on us to serve the participants but yet not burn out and not grow too quickly.
3. For a volunteer or volunteers to develop a social media presence. - This prayer has been answered thanks to a College of Charleston Communications student! We are so thankful!
4. For volunteers to assist with our Church Alliance! - This prayer seems to be answered as well! We have 2 amazing people we will contract with to help engage the church at a much deeper level! Very excited to see what the Lord does!

**Short-term Mission Opportunities:**

Yes       No
